

IETE

The Institution of Electronics and Telecommunication Engineers (IETE) is an apex professional society was founded in the year 1953 for promoting the general advancement of Telecommunication, Electronics, and Information Technology and to facilitate exchange of information and ideas in the fields which have revolutionized economies of nations worldwide. IETE facilitates interaction amongst professionals engaged in Industry, Educational Institutions, R & D Laboratories and Govt. Departments. It endeavors to respond to the needs of fast changing and emerging technologies and strengthens competence of the profession by enabling those involved to keep abreast of the technological frontiers.

IETE is India's leading professional society having 57 Centres in India and Nepal. It has a membership of more than 70,000 spread all over the India and abroad.

IETE – HYDERABAD CENTRE

The IETE, Hyderabad Centre, established in the year 1973, has grown to be the most prominent among the IETE Centres in the country. In these years, the Centre has made many rapid strides in reaching professional as well as academic heights. The Centre has its own infrastructure facilities like Academic Building, Conference Hall, Library, Electronics & Information Technology Laboratories, Internet, Computer Network connections, Workshops, Exhibition Hall and Auditorium (air-conditioned and modernized). In recognition of its all round performance, the Hyderabad centre has been adjudged as the "BEST CENTRE" for six times earlier. Hyderabad Centre offers courses which are recognized by Govt. of India for the development of human resources and has been conducting programmes for professional development.
